

# NDGA REPRESENTATIVE SQUAD

## 2019

### Expressions of Interest

Expressions of Interest are being sought from those players interested in being considered for selection in the NDGA Squads for the 2019 Representative Year.

This year, it is proposed to select a 10 person squad for each of the Open and Junior sections. For each Representative fixture the 4, 6 or 8 man team will be selected from within this Squad. At home games it is proposed that all Squad members would attend regardless of whether they are selected in the actual playing team.

A new Code of Conduct will be introduced – with an emphasis on commitment to the team and preparation to perform on the day of play. A zero-tolerance approach to breaches of the Code of Conduct will be enforced.

A full uniform will be provided – with strict rules regarding it's wearing both on and off the Course.

To be considered for selection – it would be required that players commit to being available for the majority of the scheduled representative fixtures listed below –

When submitting an Expression of Interest, players should nominate any fixtures that they would be unavailable for.
